

Make money for the school... while we eat! Every month, different restaurants host a simple fundraiser to benefit Georgetown. For every dollar spent dining at their location during a specified time (usually 5 – 8pm), a percentage of the money goes straight to our PTA. The Coordinators will work with restaurant managers to create a schedule, and will organize groups who want to be volunteers. Last year, the “Lunchroom Moms” volunteered at Wendy’s Night and used the proceeds to buy new recess equipment, for example. The time commitment is approximately five hours of coordination time (including time spent at the events). No dishes to wash AND the PTA makes money for children’s programming – a delicious idea!
