

If you are a word-processing master, if you love organizing data, or if you are looking to get involved in PTA on your own schedule, please consider taking this role. The Student Directory is published once annually – in the autumn. You may spend up to 15 hours in August and September coordinating information, soliciting advertisers, and having the Directory published for this incredibly useful guide of students' names and contact information, but you will feel so proud of your accomplishment and the students and families will be so grateful! If you are interested in volunteering from home (wear your bunny slippers – we will never know!), please send an email to [georgetownPTA.ipisd@gmail.com](mailto:georgetownPTA.ipisd@gmail.com).
